

ALI MEHDI KHAN

Lucknow, Uttar Pradesh, India | +91-9569042552 | [in/ali-mehdi-khan-b4062b2a3](#) | [alimehdikhan-portfolio](#) | [github.com/alimehdikhan](#)

SUMMARY

B.Tech Computer Science graduate (2026) skilled in Python, Java, Machine Learning, and AI application development. Google Cloud and Deloitte certified. Seeking an entry-level Software Engineering or AI/ML role to deliver impactful, data-driven solutions.

EXPERIENCE

Machine Learning Intern

BBD University | June 2025 – July 2025, Lucknow

- Built skin cancer detection and diabetes prediction models using supervised learning and deep learning in Python, applying feature engineering and hyperparameter tuning to maximize accuracy.

PROJECTS

AI Pronunciation Coach

[github.com/alimehdikhan/A.I-Pronunciation-Coach](#)

- Engineered an AI pronunciation coaching platform using OpenAI Whisper and NLP; built low-latency audio processing and scoring pipelines with FastAPI for real-time spoken English feedback.

Cancer Detection System

[github.com/alimehdikhan/Cancer-Detection-Model](#)

- Trained a binary classification model on real-world medical datasets using Keras deep learning architectures, achieving 90%+ accuracy for early-stage cancer prediction.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Babu Banarasi Das University • Lucknow • 2026

Indian School Certificate (Class XII)

Unity College • Lucknow • 2022

Indian Certificate of Secondary Education (Class X)

Unity College • Lucknow • 2020

CERTIFICATIONS

Technology Job Simulation

Deloitte via Forage • July 2025

Build Real-World AI Apps with Gemini & Imagen

Google Cloud Skill Badge • 2025

Machine Learning with Python

freeCodeCamp • July 2025

Prompt Design in Vertex AI

Google Cloud Skill Badge • 2025

INVOLVEMENT

Volunteer – Tech for Good

- Delivered programming training to 30+ underprivileged students over 3 months, improving digital literacy and enabling participants to build their first functional applications.

AWARDS & HONORS

Exemplary Discipline Award

- Maintained 95%+ attendance across all academic terms, demonstrating reliability and commitment.

SKILLS

Technical: Python, Java, C, C++, JavaScript, SQL, FastAPI, TensorFlow, Keras, Git, GitHub, REST APIs, Machine Learning, NLP, HTML, CSS

Soft Skills: Communication, Problem Solving, Team Collaboration, Adaptability, Time Management
